We have made substantial reductions in the prices of our Clothing, and to convince the most skeptical that we HAVE DONE SO, we invite them to inspect our stock and see for themselves. In RED INK we have marked our selling prices, which will show a reduction ranging from \$2.50 to \$5 per suit in both Men's and Boys' Clothing. This reduction applies to our entire steck of Clothing. A heavy Fall Stock, to arrive in the course of a few weeks, and lack of room for it, is our reason for reducing prices—thus enabling purchasers to procure reliable merchandise below the market price.
